The AES Standards Committee is the organization responsible for the standards
program of the Audio Engineering Society. It publishes technical standards,
information documents and technical reports. Working groups and task groups with
a
fully international membership are engaged in writing standards covering fields
that
include topics of specific relevance to professional audio. Membership of any
AES
standards working group is open to all individuals who are materially and
directly
affected by the documents that may be issued under the scope of that working
group.
Complete information, including working group scopes and project status is
