AES31-4-2015
STANDARDS AND
INFORMATION DOCUMENTS
AES standard for network and
file transport of audio XML Implementation of
Audio Decision Lists
Users of this standard are encouraged to determine if they are using the latest
printing incorporating all current amendments and editorial corrections.
Information on the latest status, edition, and printing of a standard can be
found at:
<http://www.aes.org/standards>
AUDIO ENGINEERING SOCIETY, INC.
551 Fifth Avenue, New York, NY 10176. US.
The AES Standards Committee is the organization responsible for the standards
program of the Audio Engineering Society. It publishes technical standards,
information documents and technical reports. Working groups and task groups with
a
fully international membership are engaged in writing standards covering fields
that
include topics of specific relevance to professional audio. Membership of any
AES
standards working group is open to all individuals who are materially and
directly
affected by the documents that may be issued under the scope of that working
group.
Complete information, including working group scopes and project status is
available
at <http://www.aes.org/standards>. Enquiries may be addressed to standards@aes.org
STANDARDS
The AES Standards Committee is supported in part by those listed below who, as
Standards Sustainers, make significant financial contribution to its operation.
